

AUSTRALIA'S FIRST CARBON NEUTRAL KINDERGARTEN

How did they make their kindergarten carbon-neutral?

Preparation:

- Watch the [video](#).
- Do you notice a difference in the accent of the people in the video in comparison to British or American English?
- Name three actions that were taken to make the kindergarten

Task:

- “We try our best not to make mother earth angry.”, says one of the kids. What do you think about this statement? Write a short comment.
- Do you think the “carbon neutral” concept could also work for schools?
- Are there carbon-neutral kindergartens or schools in Germany? Research.
- How could your school become carbon-neutral? Share your ideas in class.
